This article explores the core principles, strategies, and best practices to develop an insanely effective network and multi-level market system.

Understanding Network Marketing and Multi-Level Marketing

What is Network Marketing?

Network marketing, also known as direct sales or relationship marketing, is a business model that relies on individual distributors to sell products directly to consumers. The distributors often build their own networks by recruiting others to join the business, creating a tiered structure.

Key features include:

- Direct sales to end consumers
- Building personal relationships to promote products
- Creating a network of independent representatives
- Earning commissions from personal sales and the sales of recruits

What is Multi-Level Marketing?
