Overview of *The America Play*

Background and Context

The America Play is a renowned solo play written by Suzan-Lori Parks in 1994. It is a poetic, provocative piece that explores themes of history, memory, identity, and the legacy of slavery through the lens of American history and myth. The play is inspired by the historical figure of Abraham Lincoln and the concept of the "Black Barber" and the "Key," which symbolize the complex relationship between Black Americans and the American identity.

The play is set in a fictional recreation of the Lincoln Emancipation Park, where a character named "The Black Beard" performs as a Lincoln impersonator. The narrative examines the idea of the "comparable" and the "repetition" of history, questioning how America commemorates its past and how that shapes present identity.

Major Themes and Symbolism

The America Play tackles multiple interwoven themes:

- **History and Myth:** The play blurs the lines between historical fact and myth, emphasizing how stories are constructed and used to define national identity.
- **Black Identity and Representation:** It examines the ways Black Americans are portrayed and how they navigate their identities within a societal framework rooted in racial oppression.
- **Memory and Loss:** The character's quest symbolizes the collective memory of the Black

community and the ongoing struggle to reclaim history.

- **Performance and Reality:** The play explores the performative aspects of identity and history, questioning what is real versus what is enacted or remembered.

The America Play employs symbolism such as the "comparable" (a Black man who impersonates Lincoln) and the "Key" (a symbol of access and exclusion), serving as metaphors for racial and historical issues.

The America Play and Other Works: An In-Depth Exploration of Suzan-Lori Parks' Masterpieces

Introduction

Suzan-Lori Parks stands as one of the most influential voices in contemporary American theater, renowned for her innovative storytelling, poetic language, and incisive social commentary. Among her most celebrated works is *The America Play*, a play that challenges audiences to confront the complex legacies of history, identity, and memory. Alongside this seminal piece, Parks' broader oeuvre offers a rich tapestry of themes that explore the African American experience, the nature of

performance, and the construction of history itself. This article provides a comprehensive analysis of The America Play in conjunction with Parks' other significant works, unraveling the layers of meaning, stylistic choices, and cultural relevance that make her a towering figure in modern theater.

The Context and Significance of The America Play

Background and Inspiration

The America Play premiered in 1994 and immediately established Parks as a bold new voice in American drama. The play draws inspiration from the historical figure of William "Billy the Kid," but reimagines this figure as a symbolic representation of America's complex relationship with its own history of violence, mythmaking, and racial identity. Parks also references the figure of Abraham Lincoln, positioning the play within a larger dialogue about the American mythos of freedom and equality.

The play is set in a fictional reenactment park called "The Great Hole of History," where a Black actor, known as "The Black Barber," impersonates Abraham Lincoln in a kind of performative homage. The central figure, "Mr. Nobody," embodies the collective memory of Black Americans struggling to reconcile their history with the mythologized versions propagated by dominant narratives.

Core Themes and Symbolism

The America Play explores several intertwined themes:

- Myth and History: Parks interrogates how myths are constructed and how they obscure or distort historical truths. The play suggests that the stories we cherish often come at the expense of truth, especially regarding marginalized groups.
- Identity and Representation: The character's impersonation of Lincoln and the reflection on Black identity probe the ways in which history has been appropriated and reshaped to serve political and cultural agendas.
- Memory and Loss: Through the recurring motif of the "token" and the act of reenactment, Parks examines collective and individual memory, emphasizing how history is preserved, manipulated, or forgotten.

- Race and Power: The play critically addresses racial hierarchies and the enduring legacy of slavery, emphasizing how race continues to influence American identity and history.

Stylistic Elements

Parks employs poetic language, non-linear storytelling, and symbolic imagery to craft a layered theatrical experience. The play frequently shifts between reality and myth, encouraging audiences to question what is authentic and what is constructed. The use of minimalistic set design and stylized dialogue enhances the mythic quality, blurring the boundaries between performance and reality.

Analyzing The America Play: Structure, Characters, and Impact

Structural Overview

The America Play is divided into three interconnected scenes, each layered with symbolism and thematic depth:

- The Reenactment Park: The play begins in the fictional park where Black actors perform reenactments of Lincoln's assassination and other American myths, highlighting how history is commodified and performed.
- The Personal Journey: The narrative shifts focus to the personal story of the Black Barber and his relationship to his son, "The Ghost," symbolizing the ongoing legacy of history and the cycle of memory.
- The Mythic Reflection: The final scene explores the haunting presence of the past, emphasizing that history is never truly past but persists in collective consciousness.

Main Characters

- The Black Barber: The protagonist, who embodies the act of impersonation and the struggle to reconcile personal and collective histories.
- Mr. Nobody: An archetypal figure representing the nameless, faceless masses whose stories are often erased.
- The Ghost: The Barber's son, symbolizing future generations and the ongoing influence of history.
- The Audience (as Witnesses): Parks often invites audience participation or reflection,

positioning viewers as witnesses to the ongoing dialogue about history.

Impact and Critical Reception

The America Play was lauded for its poetic language, innovative structure, and provocative themes. Critics praised Parks for her ability to blend humor, tragedy, and myth into a cohesive narrative that challenges conventional notions of history and identity. The play remains a staple in discussions of American theater that seeks to interrogate racial and national myths.
