Overview of the NCLEX-PN 2014 Exam

Purpose and Significance

The NCLEX-PN is administered by the National Council of State Boards of Nursing (NCSBN) and is designed to assess whether entry-level practical nurses possess the minimum competencies required to provide safe and effective care. The 2014 version of the exam reflected updates in nursing practices, emphasizing critical thinking, prioritization, and safe patient care.

Exam Format and Structure in 2014

In 2014, the NCLEX-PN followed a Computerized Adaptive Testing (CAT) format, which tailors questions based on the test-taker's performance. The overall structure included:

- Maximum of 205 questions
- Minimum of 85 questions
- Time limit of 5 hours
- Types of questions: multiple-choice, fill-in-the-blank calculation, ordered response, and hotspot questions

The adaptive nature of the exam meant that as candidates answered questions correctly, the difficulty increased; conversely, incorrect answers led to easier questions, aiming to accurately measure the candidate's competency level efficiently.
